

To Create a Discovery Streaming Account:

Go to the website <http://streaming.discoveryeducation.com/>

This is the home page for Discovery Streaming.
Click on the link which says "New User?"

A new screen will appear and you will be prompted to enter a PASSCODE. The PASSCODE is specific to the building in which you teach. See the end of these instructions for the PASSCODE information.

Once you have entered the PASSCODE, you will now be prompted to enter information necessary for creating your own individual account (username and password). Once you have created your personal account to Discovery Streaming, you will use that to login instead of the PASSCODE.

There are more fields to complete than shown in this print screen. Complete all required fields.

Once you have completed all the necessary fields, you will be ready to sign into Discovery Streaming and start exploring.

Passcode/Trial/New User Registration

If you do not have an existing Discovery Education account, please create one using the New User Registration form below.

NOTE : Fields marked with a * are required.
